Dear Mr Backovic

It has come to our attention that some organisations complained not to be consulted regarding preparation/revision of the Chapter 23 Action Plan.

I am using this opportunity to reassure you that each of the versions was submitted to the Council of Europe Belgrade Office together with other stakeholders. Unfortunately, according to our rules we are able to provide official comments only if the request is sent directly to the Secretary General of the CoE (which was not the case).

Sincerely
Silvija
